Education

Mechanical Engineering Masters 2011-2018

Energy Department.

Instituto Superior Técnico, Lisboa, Portugal.

Extracurricular Activities

JUNITEC 2016-2017

University's junior company. Member of the technical department, part of a team working directly in a project.

Skills: Teamworking, Communication, Python, Arduino

University Grant 2017-2018

Monitor of laboratory equipped with computers with technical software, used by students. Functions included guaranteeing good study conditions and providing support to other students regarding the usage of software related with programming, CAD, and FEM. Networking, account creation/administration, software and hardware maintenance of 60 divided in two rooms.

Skills: Teamwork, Communication, Management, Windows

Notable Projects

Master's Dissertation

Intelligent thermal comfort controller capable of adapting to a office user's preference and autonomously managing the ventilation system.

Reinforcement Learning.

Skills: Python, SQL, Linux, Rasperry Pi, L^AT_EX2

Techstorm

24 hours to develop an electronic product and present it in a 3 min pitch. The team was awarded the second place.

Skills: Teamworking, Communication, Python, Arduino

Biogamming

EMG and arduino based product with the objective of controlling video games with muscle movement.

Skills: Teamworking, Communication, Python, Arduino
